PROJECTS

Trip Trok-Tourism Website (12/2020 - 01/2021)

- Technology:-HTML, CSS, JavaScript, PHP, MySQL, Bootstrap
- Development Environment:- Sublime Text, XAMPP Web Server
- Trip Trok is a dynamic Website for tourism Business. Trip Trok has two sections such as User Page & Admin Panel on my website. Trip Trok contains tour booking, cancelling of tours, History of tours, User Profile Section for users. The user gets all the details of the Holiday package for vacations. Admin has full control of creating and managing tour packages, managing users, managing booking, issues, managing enquiries and managing pages. User can raise their complaints in the issue tickets.

Donation Website (04/2021 - 05/2021)

- Technology:- Html, CSS, JavaScript, Bootstrap.
- Development Environment:- Sublime Text
- SF Donation Website is a responsive Website and web design. SF Donation Website is a well-designed user-friendly website. Users can visit the website for Donations. The project contains Payment integration with Rozar pay. Users can pay the donation through UPI, Paytm, Net Banking, Cards, Google Pay
